

CHRISCO DIGITAL ACADEMY

MTN CHANGEMAKERS - PROJECT EVIDENCE (Education + Economic Empowerment)

Youth digital & economic-empowerment hubs in Jinja & Buikwe, Uganda - under CHRISCO Youth Aflame

Live platform: chrisco-digital-academy.vercel.app

Source: github.com/wambetebenzamin/chrisco-digital-academy

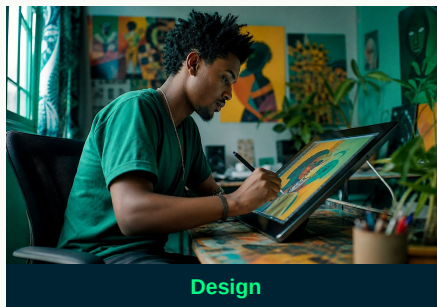

The project at a glance

CHRISCO Digital Academy is a fully-built, operational online learning platform that equips young people with practical, income-generating digital AND economic-empowerment skills. The 19-course curriculum, books, videos and website already exist. MTN Foundation's in-kind support (laptops, tablets, projector, internet, furniture) turns it into physical youth hubs in JINJA & BUIKWE - teaching youth to earn, to build websites, to manage their money, and to keep studying offline via a study app + PDF books.

Inside the platform

Coding & AI

Design

Marketing

500+

Youth trained

19

Courses live

100%

Practical / project-based

7

Skill tracks

19 courses - incl. new economic-empowerment skills

- Communicate Like a CEO
- Master Negotiation
- Personal Branding
- AI Literacy
- Networking (Top 1%)
- AI Video Storytelling
- Content Creation
- Sales & Marketing
- Python & SWE + AI
- Web Development
- Freelancing
- + 8 more

Why it fits Changemakers

- Education + economic empowerment - skills that create real youth income in Jinja & Buikwe.
- In-kind equipment only (no cash): laptops, tablets, projector, internet - total UGX 19.0M (< 20M).
- Teaches money management, website-building + an offline study app so no-internet youth keep learning.
- Sustainable: existing 19-course curriculum, books & videos + train-the-trainer + graduate mentorship.
